Vegetable Anti-bilious Pills. A RE the cheapest and most approved Family Medicine ever offered to the operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels They act specifically upon the Liver, when in a torpid condition, carrying off large quantities of bile, through the influence of the excernent function, which if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grevious bodily affliction. In all cases of torpor of the bowels, they act like a charm. In recencases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick headache, have been much benefited and several perfectly cured in a few weeks, by the use of these pills. Fe-males, in the most delicate situation, can use them without incurring any risk. Persons going to sea, or to a Southern climate. should by all means take some of these pills with them. Their virtues will remain unimpaired for years in any climate. No family should be without these pills: a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the bowels, thus suffering to be absorbed and mingled with the blood, unassimilated fluids, that

most diseases are produced. Dr. P. feels confident that no person who

feel willing to be without them. The testimony of thousands speaking in the highest terms of the efficacy of these pillmight be added, but the very high reports or Liver complaints is thought a sufficient guarantee to those wishing to make trial of their virtues. They contain not a particle of Mercury, or any ingredient that thes not act in harmony with health, and oppose disease. Each box containining 40 Pills. Price
